"I can't help everyone, but those handful I am able to reach, I know their life is going to be impacted in a new way. When a resident was once fending for themselves and working to 'beat the system' just to get by is now leaving the program with a new perspective. I feel pride in knowing our program is helping to create better community members and funding provided by the Lycoming County United Way for our shelter programs helps make that possible."

Cleveland Way - Director of Shelters, American Rescue Workers

"At Sojourner Truth Ministries, we are so grateful to have a significant role in feeding hungry community members. We are open 6 days a week to serve lunch. Our numbers have gone up roughly 40% recently (during COVID-19). We feed people who are often marginalized, and serve them with dignity and care. Because of our partnership with United Way, who sponsors our feeding program, we can confidently provide quality, well-rounded meals to all who come."

Rev. C. Angelique Labadie-Cihanowyz - Executive Director, Sojourner Truth Ministries
